MEET YOUR RESIDENT DIRECTORS

Professional staff manages the student staff and offers additional support including academic and leadership support, and guidance regarding policies and conflict resolution. Student Housing and Dining Services also employs a large professional maintenance and custodial staff who oversees all buildings and grounds, facilitates repairs and upgrades, and provides cleaning services.

Resident Directors plan and facilitate programming in the residence halls, providing residents with opportunities to get involved and nurturing healthy communities according to the UC Davis "Principles of Community". They also oversee the Community Assistants (CAs) and After Hours Assistants (AHAs).

What is a Basic Needs Coordinator?

Hey Aggies! It's a priority for us in Student Housing and Dining Services to make sure that all your basic needs are met so you can focus on school and making connections on campus. We know that college is expensive, and if you experience any financial concerns, such as overdue housing fees, accessing enough food, or providing for yourself (insurance, transportation, sanitation, etc) we have several resources to assist you. My name is Em and I am the Basic Needs Advocate for the department. I can meet with you to determine your needs and help you access financial and basic needs resources available to students across campus. All you have to do is email me at ecdoolittle@ucdavis.edu and we can set up an appointment in person or via zoom. Welcome to campus and I hope to meet some of you soon!

MEET YOUR CONDUCT AND STUDENT SUPPORT SPECIALISTS

The Conduct and Student Support Specialists work to maintain a safe environment and enforce the policies in our communities. They also provide additional support for students who might be struggling and help them to connect with resources on campus.

HOUSING PROGRAMS

Tips for an efficient move-in:

- Remove packaging at home to reduce the waste you'll have to manage and save time while unpacking.
- Pack items in reusable plastic bins that can be used for storing seasonal or infrequently used items—plus you will have packing containers to use when you move out at the end of the year.
- Bring only what you need. Remember, every single item you bring has to be taken out again at the end of the year!
- Consult the waste guide for your building for locations of waste bins and what is accepted in each waste stream.

What to Bring for a Sustainable Stay

- **Reusable beverage container.** For water – The campus has water refill stations that dispense filtered drinking water.
- **Reusable dishware & utensil**
- **Reusable shopping bags-** Plastic bags are banned in Davis and stores charge 10 cents for paper bags—bring your own to reduce waste and save money
- **Smart power strip-** Reduces energy created by vampire loads (energy consumed from a device when turned off but still plugged into an outlet)
- **Energy-efficient laptops, televisions & small appliances-** Look for Energy Star and EPEAT products that consume less energy. Coordinate with your roommate to reduce the amount of electronics in your room!
