April is the start of the lease renewal process for Solano Park leaseholders. The new lease period will begin August 1, 2016 and ends July 31, 2017. Solano Park Leaseholders will receive a lease renewal notification email from Student Housing beginning April 1.

Residents Planning to Vacate: Leaseholders must express their renewal intentions online via the Student Housing Tile on MyUCDavis. Any resident that elects for non-renewal will need to submit a vacate notice at the Solano Park Office by Monday, June 20, 2016. The Solano Park Office staff will give vacating leaseholders important instructions once the vacate notice is processed.

Once your eligibility has been confirmed, you will be sent an email notifying you that you must review your new lease, fill out the requested information, and submit your electronic signature to accept the new lease terms and conditions.

It is very important that you:

- Review your SISWEB [<http://sisweb.ucdavis.edu/>] records and ensure that you have listed two emergency contacts in the system.
- Your address and contact information should also be current. If you have a mobile (cell) phone, please make sure that the telephone number is listed in SISWEB.

This information is needed to complete the online renewal process.

Any requests for exceptions to the above-mentioned procedures should be sent to Faye Perata, Residential Services Assistant Manager [fmperata@ucdavis.edu].

Graduation Party? Plan Ahead

Submitted by Sue Franck

For graduation parties, an exception to our usual Community Center reservation policy is being made. Beginning May 2, we will accept reservations for spring graduation parties to be held on May 14, May 21, May 28, or June 8 – 12. Parties must be limited to time blocks to ensure the highest use of the Community Center. The blocks are from 8am – 12:30pm, 1pm – 6pm and 6:30pm – midnight. After May 10, unreserved time blocks for May 14, Mar 21 and May 28 will be released for graduation party extensions and non-graduation events. After May 16, unreserved time blocks for June 8 – 12 will be released for graduation party extensions or non-graduation

events. Because of heavy demand, we ask that those utilizing the Community Center be extra diligent with clean-up so the facility will be ready for the next reservation.

You may reserve the Community Center at the Solano Park Office. If demand exceeds capacity, remember that June is a great month for a picnic; feel free to move the picnic tables around the park for your parties. Put a note on a table the day before you need it as an informal reservation, and please respect others' reservations as well.

Pools, Pools, and More Pools...

Submitted by Nina Zamuruyev

Before we know it, spring will be over and summer will arrive with its lazy afternoons, sweating glasses of iced tea, and with its full heat. While our summers are dry, they are blazingly hot. That is why it is imperative for us to find the nearest body of water. Luckily in Davis, that is not hard.

Here is a list of community pools in our area to help you keep your cool this summer. Some pools also offer swimming lessons for children and adults.

Arroyo Pool-Manor Pool

The City of Davis strives to make its pools a fun and safe place for families to cool off in the summer. Come enjoy the spray park feature at Manor Pool as well as the slides (at both Manor & Arroyo Pool). Swim lessons are also available at Arroyo and Manor pool. Classes have affordable price and provide different instruction to all levels of swimmers at various times. Group lessons meet for 2 weeks, Monday-Thursday for 30 minutes, while Private lesson meet for 1 week, Monday-Thursday for 30 minutes.

Spring Season Hours:

May 23-June 12

Monday-Friday 4:00-6:00pm

Saturday & Sunday 1:00-5:00pm

Season passes also available to purchase for this two pools. Daily passes for kids age 0-2 are free and ages 3 and older \$4.75. To find more details about season passes for family or individual you can click on the link below and it will take you to the original site.

<http://cityofdavis.org/city-hall/parks-and-community-services/aquatics-and-city-pools/recreational-swimming>

Recreation pool

Another great pool with its great location is the REC pool. It located Corner of Hutchison and La Rue. It has as season passes available or you can pay the day you go there. Kids ages 0-2 are free admissions, students are free of admissions. They also offer swimming lessons for youth and adults. I really enjoyed this pool with our son last year, we were able to get the season pass for me with discount since my husband is a student and our son was two so we didn't have to pay for him. We were able to get there on our bike which was so great. Here are hour and days when the pool is open:

Summer Hours (June 15 - September 30)

Monday-Thursday: 1-6pm

Friday, Saturday and Sunday: noon-7pm

All the details about fees and swimming lessons can be found at the link below.

Non-Toxic Ways To Clean Mold

Submitted by Danielle Seibel

Mold may be growing in your home and you don't even know it, that's because mold loves dark, warm, humid places to live. Your kitchen and bathroom are at the most risk for mold and bacteria growth because they are in constant contact with moisture. When the conditions are right, mold can grow within 24-48 hours. Leaving mold untreated can cause respiratory illnesses as well as be a major factor for year round allergies. That is why it is so important to kill mold at first sight.

Here are 3 household solutions for cleaning mold:

Hydrogen Peroxide

Hydrogen peroxide is an anti-fungal, anti-viral and anti-bacterial solution that kills mold effectively on a variety of materials such as kitchen appliances, bathroom fixtures, floors and walls. To kill mold: Pour 3% concentration hydrogen peroxide into a spray bottle. Saturate the moldy surface completely and leave it to sit for 10 minutes. Next, scrub the area to remove all of the mold and mold stains. And finally, wipe the surface down to remove residual mold and spores.

Vinegar

Vinegar is a mild acid which can kill 82% of mold species. (Baking soda is often used along with vinegar for killing different species of mold). To kill mold: Use white distilled vinegar and pour it into a spray bottle without watering it down. Spray the vinegar onto the moldy surface and leave it to sit for an hour. Finally, wipe the area clean with water and allow the surface to dry. Any smell from the vinegar should clear within a few hours.

Baking Soda

Baking soda is a mild, white mineral powder, that can be used to kill mold in your home, plus it is safe for your family and pets. Besides killing mold, it will absorb moisture to help keep mold away. To kill mold: Add one quarter of a tablespoon of baking soda to a spray bottle of water and shake until it has dissolved. Spray the moldy area with the baking soda and water solution, then use a sponge or scrub brush to remove all the mold from the surface. Next, rinse the surface with water to remove any residual mold on the surface. Finally, spray the area again and let the surface dry. (This will kill any left-over mold and prevent the mold from returning).

All of these solutions are great non-toxic alternatives to chemical based cleaners. Not only because they are safe to use and safe for the environment, but all of these products are inexpensive and easy to find in your local store.

Happy Cleaning!

Holidays and Anniversaries

April 5—Qing Ming Festival, National Tomb Sweeping Day [Taiwan]

The Chinese equivalent of “All Souls Day” where food and incense are offered to one’s ancestors. According to Chinese custom, the tombs of ancestors are swept “clear and bright” on this day, and rites honoring ancestors are held.

April 6—Tartan Day [Canada, USA]

Congress declared National Tartan Day on 20 March 1998 to honor those of Scottish heritage. The importance of this day is significant because of the oppression that Scots endured while under English rule. 6 April is the anniversary of the Declaration of Arbroath, the Scottish Declaration of Independence. The wearing of the tartan is important because it was outlawed in Scotland under English law, with the penalty of hanging or imprisonment.

April 13—Songkran, Water Festival [Thailand]

Songkran is a Buddhist New Year

that is celebrated 13 April and lasts for three days. During this festival, everyone carries buckets or bowls of water with them so they can throw water on one another. The Thai people believe there is great merit in acts of kindness, so before the holiday, children buy birds in order to set them free on Songkran. Also, girls in gay dresses carry fish and set them free in the river. A water festival queen is chosen and paraded along the streets with bands playing amid laughter and the sound of splashing water.

April 22—Earth Day [USA]

Observances of this day focus on environmental problems in communities throughout the US. It is also the day the world’s nations guaranteed asylum to those persecuted in their homelands on account of their ethnicity, religion or political opinion. (1970)

April 25—Anzac Day [Australia, New Zealand]

A day set aside to remember the fallen soldiers of Anzac,

Australia’s & New Zealand’s joint military force. Anzac Day is held on 25 April each year to commemorate Australians and New Zealanders killed in war and to honor returned service personnel. The dawn service is a typical commemoration beginning with a march by returned service personnel before dawn to the local war memorial; community members join the participants, and a short service follows with a prayer, hymns, and a dedication which concludes with the last verse of Laurence Binyon’s For the Fallen. The Last Post is then played, followed by a minute’s silence and Reveille. A brief address follows, after which the hymn, Recessional, is sung; the service concludes with a closing prayer and the singing of the national anthem. The Anzac parade takes place later in the morning, again to the local war memorial, where another service takes place; this service is a less intimate and emotional ceremony than the dawn service, but serves as a more public commemoration.

Monthly Maintenance Tips

By Solano Park Maintenance

- To avoid plumbing charges, watch those kitchen drains. Make sure your strainer is in place in the drain to keep food from going down and plugging the drain.
- Never put grease or oil or any kind down the drain as it will clog the pipes. Put your grease or oil into a can or bottle while it is still warm. When it has cooled off, place it in the trash.
- Are your closet doors often coming untracked? Take care of them by sliding the closet doors slowly and straight.
- Remember that bedroom and cabinet doors are not painted surfaces. Hanging items with tape, nails, or tacks will harm the wood finish. Damage charges could be assessed when you vacate your apartment.
- Periodically cleaning the refrigerator door seal will make it easier to open and keep it from ripping. Take special care to clean the bottom edge with warm soapy water where sticky liquids like to accumulate.

Did you know?

Apartments on University owned land are exempt from California State Property Tax. Therefore, students living in these facilities are not eligible for renter's credit.

Harassment of Animals: While ducks are often a source of frustration for our community members, we ask that residents be mindful of children's behavior toward the ducks. At times the Student Housing Office will take steps to "herd" the ducks to the Arboretum, however, section 251.1 of the Waterfowl Regulations states the following, "Except as otherwise authorized in these regulations or in the Fish and Game Code, no person shall harass, herd or drive any game or nongame bird or mammal. For the purposes of this section, harass is defined as an intentional act which disrupts an animal's normal behavior patterns, which includes, but is not limited to, feeding or sheltering. This section does not apply

to a landowner or tenant who drives or herds birds or mammals for the purpose of preventing damage to private or public property, including aquaculture and agriculture crops."

Planning to vacate after finals? Remember to turn in your Notice to Vacate at the Solano Park Office at least 42-days prior to when you want to move out. You may also send an email to studenthousing@ucdavis.edu. If you send an email please include your full name, apartment #, student ID number and your move out date.

Large Item Dumping: Unwanted personal items such as couches, dressers, desks, and other furnishings left behind detract from the visual appearance of our complexes. In addition, our dumpster areas that have unwanted items, often blocks access for trash pick-up. Student Housing then has to pay for staff time, dump fees, and gas to remove

these unwanted items. As a result, if any personal items are left at the dumpsters upon vacate, you will be billed for the full cost of removal/dumping.

Packages: Please don't ask the Solano Park Office to accept your incoming packages. We don't have space and security for them. Perhaps a neighbor could be designated to accept a package for you, or you might indicate your balcony for drop-offs.

Mowing: The mowers come to Solano Park on Wednesdays. Please have everything off the grass and put away to make their job easier.

Safety Escort Service: Need assistance while walking home at night? Call 752-1727 if you would like a safety escort while walking alone on campus at night. A Cal Aggie Host will meet you and escort you to your destination on campus.
