Center for Leadership Learning

Don't miss the 2016 Aggies Leading the Way! Undergraduate Leadership Conference on Saturday, February 20th from 10:00a - 5:00p at the UC Davis Recreation and Activities Center (ARC). The theme of this year’s conference is “Sculpting Passion into Action”.

This conference is designed to bring together undergraduates who are interested in leadership education and who aim to make a difference in their academic and social communities. At the conference you will have the opportunity to attend a variety of interactive workshops, network with students, staff, and speakers, and learn strategies on how you can turn your passion into action. Additional benefits include a leather-bound UCD notepad, t-shirt, raffle prizes, and food!

The conference does not have a registration fee, however, we seek students who are fully committed to attending the conference. Students will be required to submit a registration and attendance agreement form that includes a series of questions (6 total) identifying why you want to attend the conference and what you hope to gain. Forms will be accepted through Friday, January 29, 2016 or until capacity has been reached.

Cancellations notices can be submitted to cll@ucdavis.edu by 5:00pm on Friday, February 12, 2016. Cancellations received after this deadline or a no-show the day of the conference (February 20, 2016), will result in a $10.00 fee that is charged to your UCD Student Account.

Space is limited to 150 students, so be sure to submit your Conference Registration and Attendance Agreement Form today!

UC Davis Dining Services
Cooler weather and flu season upon us. We felt it important to pass along this valuable information to you. These are steps we all can take not only to minimize the spread of respiratory flu, but also to try and prevent the uncomfortable and highly contagious symptoms of gastrointestinal infections.
What can you do while living in the residence halls to prevent these illnesses? Frequent hand washing is number one! If someone around you is sick, prompt disinfection of contaminated surfaces can help (use spray sanitizer or rubbing alcohol), and prompt washing of soiled articles of clothing will help keep the germs from spreading.

Before eating, wash your hands! Always wash your hands after using the restroom! Not doing so deposits pathogens (harmful microorganisms) on anything you touch. Wash your hands even if you are not sick as we all carry and shed pathogenic organisms even before and often after symptoms have occurred.

Avoid using the same eating utensils and cups as others, avoid sharing towels, and keep your hands out of your mouth, eyes, ears and nose - these healthy habits helps prevent the spread of germs.

Sneezing into your sleeve traps the germs in the fabric, not releasing them into the air for others to breathe. Promptly dispose of tissues and wash hands after blowing your nose. For an entertaining and educational video on this topic, watch the How to Sneeze or Cough Properly video.

What can you do while eating in the dining commons to prevent the spread of illness? First and foremost, wash your hands before entering the dining room. Just like Mom taught you..."wash your hands before meals!" When in the dining room, use the hand sanitizer located near the entrance. This sanitizer can help kill any germs you may pick up between your room and eating your food. Use hand sanitizer only in addition to washing your hands, however, as the sanitizer can only do so much. Use tongs at self service areas, like the salad bar. Do not use your hands to retrieve items from a self-service area. If you do use your hands to take a piece of fruit or bread, touch only what you'll take, then all of the others will have fewer germs on them!

Take care and be healthy.

The sixth annual UC Davis Equity Summit is now accepting registrations and social justice award nominations at [http://tinyurl.com/16equity](http://tinyurl.com/16equity).

The Equity Summit focuses on social justice and ways that students, staff, educators and the general public can create change. This year’s keynote speaker will be [Dr. Pedro A. Noguera](http://tinyurl.com/16equity), one of America’s most powerful voices on equity in public education. Dr. Noguera is a dynamic speaker whose work addresses teaching, school support systems and ways in which our schools are influenced by socioeconomic conditions. The event includes experts from a variety of disciplines who will guide discussions on equity and social change.

The Equity Summit includes a book-signing, dinner, music and the presentation of social justice awards to community members who have helped advance access, equality and opportunity. Learn more about the UC Davis Equity Summit at [http://tinyurl.com/16equity](http://tinyurl.com/16equity) or by contacting Dr. Vajra Watson at [vmwatson@ucdavis.edu](mailto:vmwatson@ucdavis.edu).

**Manetti Shrem Museum Student Coalition**

The Jan Shrem and Maria Manetti Shrem Museum of Art is opening in the fall of 2016, and we are eager to engage students in working with us on shaping our programs. To create an opportunity to hear the student voice, we are launching the Manetti Shrem Museum Student Coalition in January 2016.

The Manetti Shrem Museum Student Coalition is a community of students that gathers around pizza once a month to discuss ideas about student events, upcoming programs, and the possibilities of forming a Student Advisory Board when the museum opens. There will also be an online forum where students who cannot make the face-to-face meetings can contribute their opinions, and topics can be discussed more in depth.

To learn more about the Manetti Shrem Museum Student Coalition, visit our Facebook page and online forum. If you have further questions, please send an email to our Coordinator of Student Engagement, Carmel Dor, at [cdor@ucdavis.edu](mailto:cdor@ucdavis.edu).

The Manetti Shrem Museum will champion the legacy of UC Davis’ art department founders, exploring their enthusiasm for interdisciplinary practices. We welcome your help in establishing a museum for our university that reflects this interdisciplinary mission. Please spread the word by encouraging students in any of your classes to join the coalition.

Getting Smart About the HPV Vaccine
As a college student, you may find yourself embracing new freedoms, but also encountering new responsibilities. Amongst those, is the responsibility to make your own choices about your health, including which preventative health measures to take. By the time you start college, many students have already received most of the required vaccines such as those for tetanus, diphtheria and pertussis (Tdap) or chickenpox (varicella). However, according to the National Immunization Survey, only 37.6% of females and 13.9% of males have finished the recommended 3 dose human papillomavirus (HPV) vaccine series before turning 18. Continue to Getting Smart About the HPV Vaccine.
