Denim Day | [Click Here for PDF](#)
DENIM DAY
April 27, 2016

Why Denim?
Denim Day was established after a 1998 Supreme Court decision in Italy where a rape conviction was overturned because the rape victim was wearing tight jeans. The judges concluded that since her jeans were too tight, the attacker could not have possibly removed them on his own. Denim Day intends to raise awareness of the prevalence of sexual violence and victim blaming in our society.

How do I participate?
Wear jeans on Wednesday, April 27, to raise awareness and stand up against sexual violence.* Show your support by taking an individual or group photo and email it to CARE at rcfreeman@ucdavis.edu to be posted on CARE’s Facebook page.

Please contact CARE at 530.400.5614 if you have any questions about Denim Day.

* Departments with dress code policies are excluded.

Sorority and Fraternity Life
Unrecognized Groups

Some organizations that were once recognized fraternities or sororities at UC Davis may attempt to continue to operate despite having lost recognition from the University. Any operation of these groups is considered underground activity and is not sanctioned by the Office of Sorority and Fraternity Life. Therefore, students should carefully consider their potential student conduct record before associating with an unrecognized group.

These organizations have had their recognition revoked by the institution for various reasons, including such things as hazing, alcohol and drug abuse, risk management violations, and failure to comply with University policies and expectations. These organizations have in almost all cases also had their charter suspended or revoked by their inter/national organization because they were not upholding fraternal values and were engaging in risky behaviors that endangered the members and other students.

For a complete list of recognized groups please visit the UC Davis Sorority and Fraternity Life Chapter Pages website. If you have a question please contact the Office of Sorority and Fraternity Life 530-752-4606.

The Willow Clinic is one of the UC Davis student-run health clinics that serves the homeless population of Sacramento.

The mission of the Willow Clinic is to comprehensively improve the health of the homeless population of Sacramento, while providing a unique platform for undergraduate and professional student education. The Willow Clinic seeks to achieve this by empowering students to operate a makeshift clinic each Saturday, where local homeless individuals can seek medical/psychiatric care as well as a host of other services. The Willow Clinic brings together a diverse set of compassionate, dedicated, and enthusiastic students and healthcare professionals who work together to provide these much needed services to one of the most historically neglected populations.
