Residence Hall Room Transfers*

If you are interested in transferring out of your assigned room to another location you will need to complete the Online Room Transfer Request Form on your Housing Assignment page. If you and your roommate wish to move together, both of you must submit separate requests.

Transfer requests will be processed before move-in if space is available. If your request is not processed before move-in, you must submit a new request to transfer during the academic year beginning on October 10, 2016.

Your **room assignment** will be listed next to Housing Address. **The first line of the Housing Address is your assigned room.** The second line of the Housing Address is your mailing address.

**Occupancy** will tell you if you are in a single, double or triple occupancy room.

**Configuration** will tell you if your room is a standard, suite or quad layout.

The **Program** section will tell you if your assigned floor is home to one of Student Housing's Living-Learning Interest Communities. If your assigned floor has a program, and you did not request to be part of the community, you will not be required to participate in the programming; in some cases only a portion of the floor/building is part of the program.

**Bed Size** will confirm your bed length so you can ensure your sheets fit properly. Most beds provided by Student Housing are extra-long twin.

The **Meal Plan** section will display your current meal plan choice. You will have until September 18, 2016, to make changes to your fall quarter meal plan selection.

Under **Occupants** you will find the contact information (first/last name, email and phone number) of your roommate(s). If you are assigned the Cuarto residence hall area, the contact information of your roommate as well as your suite mates will be provided. We recommend you get in touch with your roommate(s) to coordinate who will bring specific shared items for your room.
