Kumu Hina is a powerful film about the struggle to maintain Pacific Islander culture and values within the Westernized society of modern day Hawai‘i. It is told through the lens of an extraordinary Native Hawaiian who is both a proud and confident māhū, or transgender woman, and an honored and respected kumu, or teacher, cultural practitioner, and community leader.

4 Ways to Enhance Your Safety as a UC Davis

Do these four quick things to improve your safety in everyday life and campus emergencies.

1. **Add or update your personal contact information** for UC Davis WarnMe and Aggie Alert, the emergency notification system for campus. Your UC Davis email address is already used by the system. But messages can reach you more effectively if you add personal contact including a cell phone number for text messages. **Do it now and you'll be ready for the WarnMe test on Nov. 8.**

2. **Download and use Aggie Guardian.** This personal safety app features a virtual safety escort, the ability to text tips to the UC Davis Police Department and access to create a "Smart911" emergency profile. Use your ucdavis.edu email address.

3. **Download and use SchoolDude CrisisManager.** This app provides campus-specific information and instructions for emergency situations. Use your ucdavis.edu email address.

4. **Learn more about emergency management and resources** at UC Davis and **download a brochure about emergency communication** at UC Davis.
