Welcome to the Aggie Reader!

It's Halloween Season! Tag @UCDavisHousing for your best costumes or room decorations for a chance to be featured and get some free swag.

In this issue of the Aggie Reader get to know more about registering to vote because your vote matters. Need help planning your Winter quarter schedule? Check out the different dates RHAT is offering workshops.

Register to Vote!

It’s your future. Have a say in it. Register to Vote today!

The good news? It’s not too late to register and make your voice heard this November.
Registering is fast and easy, you just have to get it done by Oct. 22. But why wait? It takes about 5 minutes, and you can do it on your phone. Do it right now. Below is everything you need to know.

- If you are a native or naturalized U.S. citizen and will be 18 on Election Day (Nov. 6, 2018), you are eligible to vote. But you must register by Oct. 22.
- You can register online. Go to https://registertovote.ca.gov/ to register online in California (or https://vote.gov/ to register in another state). To complete your registration, you'll need to know your social security number and driver’s license or ID number.
- You can choose where to vote. If you’re a college student who is living away from home, you can register at your permanent home address or the place where you’re living while at school. The choice is yours — but remember that you’ll be assigned a polling place near where you are registered.
- Where you register won’t impact your financial aid. Even if you are considered an out-of-state student for enrollment and tuition purposes, you can still register to vote in California if you live here while attending school. Your choice will affect which local issues you can vote on.
- You can vote by mail or in-person. If you aren’t sure whether you can make it to your polling place (or if you registered at your permanent residence and it’s not nearby), request a mail-in ballot. Go to: https://elections.cdn.sos.ca.gov/vote-by-mail/, fill out the form and mail it in right away. The form must be received by Oct. 30, enough time for your ballot to reach you in the mail.

After you’ve registered

- Find your assigned polling station
- Get educated on the people and issues
- Vote November 6!

There are lots of sources of information available. The League of Women Voters and the Campus Vote Project are just two of the many nonpartisan resources. Check your student life office for events and Get Out the Vote efforts on your campus. Visit California Student Vote, a joint project of UC and CSU student associations, to get information on issues and help register new voters.

Your Vote Matters!

Planning Your Winter Quarter Schedule

Let us help you plan a balanced course schedule, review your academic standing, decide on a reasonable unit load, choose courses to satisfy requirements and explore majors. If you have a specific question about your proposed schedule, bring an internet-enabled device to access your schedule. Check with your RA for the exact date and time of your program. Can’t make the program in your area? Not a problem! Plan to attend any one of our area-wide programs, open to all! If you would like more information, email reshallacademics@ucdavis.edu.

Celebrate sustainable foods at the Farm to Fork Themed Meal this Thursday in the DCs during dinner!

Join us as we celebrate the many local farms and sustainable foods in our region. Sustainable foods are highlighted on menu signage in the Dining Commons with the following icons. Look for these icons to build a sustainable plate in the DCs year-round!

- **AG**: UC Davis grown, produced, or raised.
- **L**: Grown or produced within 250 miles.
- **HM**: Food raised that meets animal welfare standards for the humane treatment of farm animals.
- **FT**: Products made with respect to people and the planet.
- **OR**: Food that contains at least 95% or more certified organic ingredients produced without the use of synthetic fertilizers, pesticides, irradiation, or genetic engineering. Farmers employ practices that promote biodiversity, water and soil conservation, and nutrient cycling.
- **S**: Seafood that is either caught or farmed in ways that consider the long-term vitality of harvested species and the well-being of the oceans and livelihoods of fisheries-dependent communities.

**Take the #MyLastCup Pledge!**

Did you know 120 billion disposable cups are used by Americans each year? Placed end to end, this would be enough to circle the equator almost 333 times! (source- ReThink Disposable). Take action to reduce waste and by committing to using a reusable cup and make it #MyLastCup.

**Take action:**
- Take the pledge! Click [here](#).
- Remember that awesome reusable beverage container you got last week?
  - Use it in the DCs to fill-up with a drink to go!
  - Use it the bottle refill stations in the Res Halls and on campus to stay hydrated waste-free!
- Bring your own reusable cup with you on campus. You can even get a small discount for using a reusable beverage container at locations on campus, including Peet's and the CoHo.

**Stay connected!**

[Sign-up for the weekly sustainability and nutrition newsletter](#) written by students, for students. Get connected with upcoming sustainability events and get tips for living sustainably on campus!
