

**SUBSTANCE FREE COMMUNITY LIVING AGREEMENT
UC DAVIS STUDENT HOUSING**

The Substance Free Community is designed to provide students with a living environment that promotes a healthy lifestyle and is free of the use of alcohol, tobacco, and illegal drugs. The environment is also intended to support residents who want to adopt such a lifestyle.

This program requires that all members of the community sign a Community Living Agreement as an addendum to the Student Housing contract and to abide by the conditions below. Failure to do so may result in relocation to a different residence hall room not in the Substance Free Community or removal from Student Housing.

As conditions of my residency in the Substance Free Community, I understand and agree to abide by the following:

- I understand that the possession and/or use of alcohol, tobacco, and illegal drugs is not permitted in the community.
- Although my activities off-campus are not governed by this agreement, I understand that if I choose to use alcohol, tobacco, or other drugs off campus, my behavior must not be disruptive to or negatively impact the community when I return to my room.
- I understand that any guests I invite to the community must comply with the conditions of this agreement. I also understand that I can be held responsible for the actions of my guests should they be disruptive or violate the conditions of living in the community.
- I understand that residents and staff share joint responsibility within the community for complying with and enforcing the expectations of this agreement.
- I understand that under the terms of the contract I signed with Student Housing, I may be relocated from the Substance Free Community to a different residence hall community if I fail to abide by Student Housing policy and the conditions outlined in this agreement.
