We're so excited to welcome you to campus! As you're getting ready to come to campus, make sure to check your email for your Housing Assignments. If you have any questions or need further assistance, you can reach out to our central housing staff at housing@ucdavis.edu. Don't forget, Orientation has special programs for students and families during move in. Check out the Aggie Readers newsletter, written by students, for students. The newsletter includes information on upcoming sustainability and nutrition events just for Student Housing residents, tips for living sustainably, and more. Visit and read the Housing and Dining Accommodations webpage, as we highly encourage students to disclose their food allergies so we can accommodate them.

Students who disclose their food allergies can be approved for a Kwikee Key, allowing entrance to their designated floor. They will also be able to express their preferences to Residential Services Office Assistants for key distribution and move-in.

Here's what you can do if you have food allergies or dietary restrictions:

- Write down the names of your food allergies and dietary restrictions.
- Ask to be approved for a Kwikee Key.
- Let Residential Services Office Assistants know your dietary restrictions.
- Use this information to navigate menu options and ingredients databases.
- Always read labels and ingredients lists carefully.
- Use the Housing and Dining Accommodations webpage to learn more about your options.

For more information, visit and read the Housing and Dining Accommodations webpage, or contact us at housing@ucdavis.edu.

As you settle in, remember to check your email for updates on move-in dates and other important information. We can't wait to see you on campus!
